Tanker Size

Tanker Capacity in Gallons _____ (If more than one size tanker will be utilized, complete an application form for each vehicle)

AGREEMENT

I agree to comply with Nikishka Bay Utility's tariff and I understand that failure to comply can result in a suspension of water service. I agree to the following:

- Truthfully represent the hauling vehicle holding capacity.
- Pay the sum of the tanker capacity x price per 1000 gallons for each Pin code entry logged at the fill site.
- Provide a back flow prevention device on any bottom fill tanker and an air gap on top fill tankers.
- Only connect to Utility facilities with a dedicated hose.
- Immediately report any fill system malfunction.
